February Newsletter

Continued...

This month in Faith Formation....

Elementary Grades:

This month, students will explore the essential question, "**How do we live what we believe?**" Students will be able to demonstrate their faith through behaviors that show they are disciples of Christ as well as be able to identify and practice what they know about God's love and mercy through reflection, participation and witness.

At Home:

With your family, talk about the importance of working for the good of your family. Name something each of you could do for the good of your family!

OR

Talk as a family about what you can do to honor the Third Commandment: Keep holy the Lord's Day.

Middle School:

Youth Groups this month are centered around preparing for Lent and the imagery that surrounds it and what it all represents! Attached are the parent letters for the upcoming classes.
