Resources for home:

Each month I will be highlighting a great resource that you can use to continue to bring Christ into you home!

Saints Alive is children's radio theater that shares the story of the saints to inspire them in their own relationship with Jesus!

I've listened to some of these podcasts and been brought to tears. They are worth the listen!

This Month in Faith Formation:

Elementary Grades:

This month students will learn about Who Jesus Christ is, and what is the Church. In talking about Jesus, students will also learn about Mary and how she is the Mother to the whole Church. Later in the month students will talk about the Church as the living body of Christ and how different people serve in the Church.

At Home:

A great activity for this month is before or after Mass take time to show your kids around the Church, pointing out the Statues of Mary & Joseph. Take time to go visit the Reliquary over by the candles and point out the different Saints Relics that Ave has, or take a walk around and look at the Stations of the Cross. This can help the Church come alive for the kid.

Middle School:

Youth Groups this month are centered on the Sacraments of Initiation (Baptism, Eucharist, & Confirmation). Attached are the parent letters for the upcoming classes.

With all joy,

Cassie Coyle
